NFIP Support for Contingency Operations - [REDACTED]

- Paul, as well as a number of working group members, attended DIA's symposium on low intensity conflict (LIC) at the DIAC last week. The highlight of the symposium was the executive session on the 16th, which was hosted by the Director, DIA, and attended by D/ICS; the Army and Marine ACSI; representatives from the other services ACSIs; a number of U&S Commands' J-2s, and most of the DIA leadership. At the nearly all-day session, each of the Commands concerned with LIC was provided an opportunity to discuss their problems and to seek remedial action. The frank session will prove extremely valuable as the working group attempts to craft a Community fix to many of the shortfalls identified at the symposium.
